MEMORANDUM FOR: [REDACTED] CIA/FICG

25X1

FROM: Director of Central Intelligence

SUBJECT: Conference [REDACTED]

25X1

1. I think you have word that Senator Wallop has accepted the invitation to give the dinner address at the [REDACTED] conference. I will plan to do the opening remarks and will want some talking points. It seems to me that the chap from Rand did a piece [REDACTED] which might suggest that he would be a good person to handle that subject at the conference. You might extend the 1300-1530 afternoon session on the first day to include the SALT I and SALT II experience [REDACTED] negotiations.

2. The PFIAB people agreed to have Johnny Foster and Sy Weiss invited to participate in the conference.

3. You seem to be off to a good start.
